We are very excited to present...

Mr. Steven C. Holland

Assistant Vice President for Risk Management Services
Business Affairs Division
University of Arizona

Steve Holland's areas of responsibility include environmental health and safety, loss prevention, contract review, enterprise risk management, and coordination of insurance programs for property, liability and worker's compensation.

Steve's education includes a B.A. in Psychology and M.S. in Finance and Safety Management, both from the University of Arizona. He also holds the professional designations of Certified Risk Manager (CRM), Associate in Risk Management (ARM), and Registered Environmental Manager (REM).

"Unusual Claims and Risk Management Events at the UA"

- Colleges and Universities are complex organizations that face a wide variety of unique claim possibilities
- Sporting facilities located on and off campus such as McKale Center, Arizona Stadium, and Hi Corbett Field each have different regulations
- Resident-Students, Faculty, Employees, Students, Vendors, Security, and Guests all spend time on campus and each has a different claim possibility
- Higher Education – a never ending source of strange and interesting claims!
